THE SILVER ROCKET™

The finest in outdoor cooking

Founded in 2014

*Located in the heart of **Indiana**
Along an unassuming gravel road
Is a secret which shouldn't be hidden from society.*

*It is along this small country road
Deep in Hoosier country
That your premier **grilling destination** awaits you.*

*Whether you are a grill master
Or your grilling techniques are considerably more casual,
We can meet all your grilling needs.*

Grill • Bake • Sear • Smoke • Cook

304 Stainless Steel
Made in the USA
Fully Insulated
Unsurpassed Heat Containment
Record Breaking Startup Time
Extremely Durable
Wood + Lump Charcoal Fired

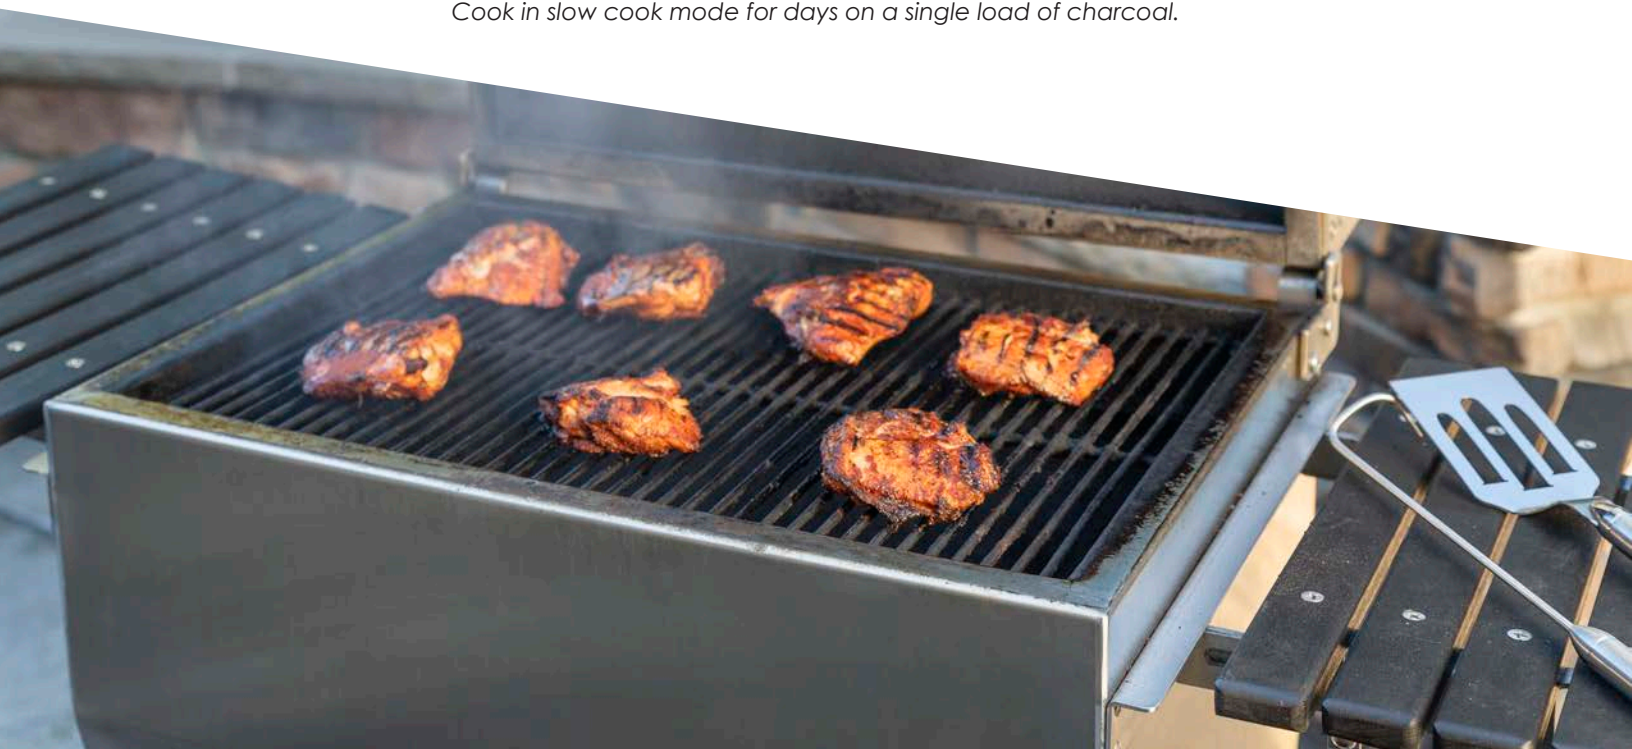

We Ship Nationwide

Silver Rocket Features

Not Just a Grill...An All-in-One Unit! Convection Oven • Smoker • Pizza Oven • Baker • Cooker

- **16 Gauge Brushed Stainless Steel Lid insulated with 1" 2600° F Ceramic Blanket** - Holds temperatures inside the grill to provide an even heat throughout the cooking cycle.
- **16 Gauge Formed Stainless Steel Hinged Shelves** - Adds storage space and provides for easy clean up.
- **Supplied Ash Cleanout Tool and Grate Lifting Tool** - Assists in cleaning the grill surface.
- **Stainless Steel Solid Bar Grate** - Resistant to heat and rust for a lifetime of grilling.
- **4" Stem Premium Polyurethane Casters with Wheel Locks** - Allows for easy mobility and storage while securing grilling position.
- **3 Shelf Hooks per Shelf** - Convenient storage of grill tools.
- **Stainless Steel Dampers** - Adjust the draft for precise heat control throughout the entire smoking and grilling range. Removable for easy cleaning of the ash pit.
- **Upper & Lower Vents** - Controls upper draft for even heat and smoke containment.
- **4" Tru-Temp Thermometer** - Provides accuracy within 1 degree with clear visibility.
- **Stainless Steel Barrel Hinge with Lid Stops (Self-Cleaning)** - Provide for non-binding movement of the lid in all situations.
- **Solid Stainless Steel Rocket Style Machined Handle** - Never rusts or cracks.
- **High Temperature Gasket** - Installed under the lid to keep food off the Gasket while providing optimal heat seal.

*Grill is designed for a 125° to 700° F range. Heat is controlled by opening and closing the vents.
For most Smoking and Grilling applications, you only need to fill the fire box once with charcoal.
Cook in slow cook mode for days on a single load of charcoal.*
